aubergine

tray size	20
weeks	12/14/16/18
label	pot label

B0001 Bambino

- A true mini aubergine, with a nice spherical shape this variety's a favourite for the barbecue
- A compact bush habit makes Bambino a perfect item for patio pots

B0002 Black Beauty

- A good sound variety, ideal for amateur production under cover
- Produces a good crop of large glossy purple fruit

B0003 Nubia **new!**

- Medium sized fruit which are purple with white stripes
- Medium sized well branched plants producing a good yield

B0004 Ophelia **new!**

- Very good well branched and controlled plants
- Small fruit (50-60g) which are easily used in the kitchen

chilli pepper

tray size	20
weeks	12/14/16/18
label	pot label

B0005 Apache

- Another upright well branched, British bred hot pepper
- Produces a large number of small red fruit on one plant

B0006 Demon

- This new British bred chilli pepper is a small hot pepper which is good for cooking but is also very decorative
- The small red fruits hang in abundance from compact plants which are ideally suited for patio pots

B0007 Habanero

- The Habanero is a small very hot pepper, useful in cooking Mexican or US 'South Western' food. The plants require a good warm position to prosper but in good conditions can yield a significant number of fruit

B0008 Hungarian Hot Wax

- Hot Wax is a long (15-17cm) pepper turning from canary yellow to bright red when ripe.
- Quite hot but very good for stuffing, drying and in all spicy dishes

B0009 Jalapeño

- This pepper is relatively mild compared with the Habanero, but it depends on how the plants are grown. Usually eaten green, this small pepper can be very useful in the kitchen
- Keep plants in a greenhouse or sheltered spot to maximise yield

Aubergine Ophelia

Chilli Pepper Apache

Melon Ogen

courgette

tray size	20
weeks	12/14/16/18
label	pot label

B0010 Ambassador

- Superb dark green courgette, perfect for stir fries or in salads
- Heavy yielding over the summer if fruits are harvested
- Powdery mildew resistant

B0011 Goldrush **new!**

- Bright yellow fruited variety
- Low open bush, very prolific variety

cucumber

tray size	20
weeks	12/14/16/18
label	pot label

B0012 Diana

- Diana is a superb long fruited cucumber, perfect for a cold greenhouse or small polythene tunnel
- This variety is reasonably cold tolerant and lends itself to amateur use

B0014 Green Fingers

- Superb bush cucumber with dwarf determinate habit
- Perfect for hanging baskets and patio containers
- Small succulent fruit, ideal as 'pop in the mouth' snacks

B0013 Tessa

- A new short fruited or 'snack' cucumber, growing on a normal vine these small fruit are perfect, eaten whole, for barbecues and salads

melon **new!**

tray size	20
weeks	12/14/16/18
label	pot label

B0015 Alvaro

- A wonderful melon for outdoor or cold greenhouse amateur production
- A small fruited Charentais type with sweet orange flesh
- Fruit changes colour when it is ready to pick

B0016 Ogen

- A lightly netted variety which fruits well in cold greenhouses
- The creamy flesh is sweet and juicy

pumpkin **new!**

tray size	20
weeks	12/14/16/18
label	pot label

B0017 Jack of all Trades

- Produces a good yield of bright orange pumpkins, around 9lbs each. The orange flesh makes great Pumpkin Pie!
- The variety is round but has a flat base which makes it excellent for carving for Halloween

fruit and vegetable 20 pack

strawberry fragaria

tray size	84 and *20
weeks	12/14/16/18
label	pot label

B0034 Loran*

- Loran is an ever-bearing seed raised strawberry without 'runners'
- The size and flavour of the fruits is excellent and are produced from June until October
- This white flowered selection can also be used as an ornamental

B0035 Roman

- Roman – this pink flowered strawberry is a useful ornamental but is similar to Loran in its habit and fruiting characteristics

B0036 Tarpan

- Tarpan – The first truly red flowered strawberry
- Some runners and an elongated fruit but still very tasty!
- A wonderful addition to a basket range

squash new!

tray size	20
weeks	12/14/16/18
label	pot label

B0023 Hunter

- This British bred Butternut type is a superb early fruiting variety producing 6-7 fruit per plant
- Compact plants are suitable for smaller gardens and excellent flavour make this variety an excellent choice for amateurs

B0024 Uchiki Kuri

- Medium compact vines form 3-5 fruit per plant
- Bright orange pumpkin like fruit ripen in the early autumn and the flesh is wonderful roasted in an oven

sweet pepper

tray size	20
weeks	12/14/16/18
label	pot label

B0019 Ariane

- Ariane is a refined sweet blocky pepper. The rich orange colour makes it a perfect addition to salads or for stuffing
- Ariane performs best in a greenhouse or sheltered sunny location in the garden

B0020 Beauty Bell

- A wonderful sweet bell pepper, ripens to an astonishing fire engine red

B0021 Bell Boy new!

- A well known traditional blocky sweet pepper
- Excellent yield of large fleshy peppers, ripens from green to red

B0022 Redskin

- A very reliable dwarf bush pepper for growing in patio pots
- The plants produce a number of small blocky fruit, just right for the barbecue

tomato

tray size	20
weeks	12/14/16/18
label	pot label

B0025 Beefsteak

- A true large fruited beefsteak type. Very fleshy and juicy, useful for slicing or stuffing
- A good heavy yield of fruit in the late summer

B0026 Chocolate Cherry new!

- This interesting indeterminate variety bears a prolific crop of purple fruited cherry tomatoes
- The flavour of this variety is excellent and performs well outside and in a cold greenhouse

B0027 Gardener's Delight

- Still one of the best cherry tomatoes available
- A true heritage variety, introduced in Germany in 1936

B0028 Losetto new!

- This new medium vigorous bush variety is suitable for large containers (35cm-40cm) or soil beds
- Losetto is tolerant to Late Blight (*Phytophthora infestans*) and has performed well in outdoor trials in 2007 and 2008, producing excellent crops of very sweet cherry sized fruit

B0029 Moneymaker

- A reliable old favourite for greenhouse or outdoor culture
- Grown to the best organic transplant standards

B0030 Pink Flamingo new!

- A new variety of pink fruited plum tomato, excellent flavour
- Very high yield and excellent disease tolerance make this a very useful variety for the future

B0031 Shirley

- An amateur gardening favourite for at least 25 years
- Excellent flavour, heavy yields and great disease resistance make this variety a winner

B0032 Sungold new!

- Orange fruited indeterminate variety, very popular with home gardeners
- Excellent yield of well flavoured fruit

B0033 Tumbling Tom Red

- Good bush tomato for use in hanging baskets and patio pots
- Produces about 2kgs of well flavoured cherry tomatoes
