

YOUNG PLANTS LIMITED CATALOGUE ADDENDUM 2012

Garden Party Pink Lights

Garden Party Starry Nights

Garden Party Tap Dance

Garden Party Oasis Sunshade

NEW—Garden Party Marketing Concept Colour themed collections based around specific plants

GARDEN PARTY NIGHT

4 collections built around the fabulous RED FOX Petunia Sweetunia Black Satin.

Starry Nights is a black and white colour theme

Night Life is also black and white, featuring the Ipomoea Bright Ideas Black alongside the Black Satin petunia.

Nightingale is a lovely blue, silver and black combo

Night Glow features the very bright Cumbanita Deep Rose as a contrast to the Black Satin and feathery white of the Euphorbia Star Dust

GARDEN PARTY DANCE

4 collections built around the award-winning RED FOX Cumbanita geranium series

Tap Dance combines red with silver

Jazz Dance matches white to the Dark Red of the Cumbanita

Slow Dance is an elegant combo of rose and pink shades

Ballet Dance is a salmon, pink and white combination

GARDEN PARTY LIGHTS

Four different colours combinations in the brightest shades, using structural plants like Ipomoea Bright Ideas and Euphorbia Star Dust.

Combinations in Orange, Yellow, Pink and Blue really light up your party!

GARDEN PARTY SUNSHADE

Combinations built around the shade loving plants begonia, impatiens and fuchsia

Tasmania Sunshade uses bright fuchsia pink highlight of the New Guinea Imp Magnum Blue against a white background of Bacopa Bahia.

Oasis Sunshade is a relaxing pink and silver combo.

Sahara Sunshade is a rich colour mix of orange begonia, deep colour fuchsia 'George Barlett', lavender bacopa, and variegated plectranthus.

Beach Sunshade is, of course, bright yellow, using yellow begonia Nadine, Goldilocks lysimachia, white bacopa Bahia and Sunvy sanvitalia.

Canyon Sunshade is an eye-catching red and white combination using fuchsia, begonia, Star Dust euphorbia and white Bacopa Bahia.

Further details are available in a pdf booklet available from the office

NEW from RED FOX

Dipladenia Costa del Sol

Completely new introduction from the RED FOX stable. Dipladenia are traditionally a climbing plant, it is a tropical / subtropical flowering vine, and is also known as Mandevilla, its true Latin name. RED FOX offer 3 different growth habits, compact, medium and vigorous.

Dipladenia Costa del Sol Malaga Red

Costa del Sol Malaga

Compact, medium vigour vines, small shiny foliage. Earliest of the 3 series to flower. Comes in 5 shades of pink or red.

Costa del Sol Marbella

A shrub-like habit, medium vigour, vines have less vigour than Malaga, and medium sized foliage. Comes in 4 different colours of pink and red.

Dipladenia Costa del Sol Marbella Red

Costa del Sol Miami

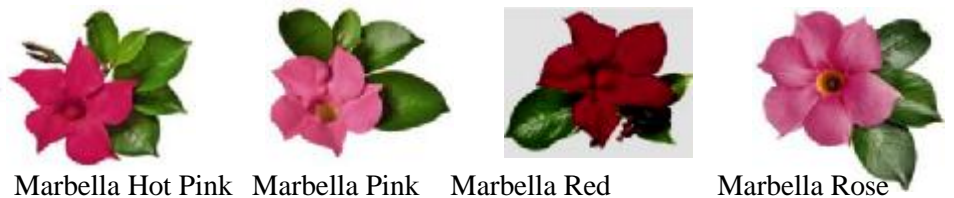

The vigorous one! Large flowers, large robust foliage and vigorous vines. Will make a large climber. Latest of the 3 series to flower. Comes in 3 shades, red, dark red and white blush.

All varieties come in a 104 tray, weeks 33 to 50. Label supplied automatically. Royalty applies and Plant Breeders Rights also.

Further details are available in a pdf booklet available from the office
